

Nova Scotia Agricultural College Smoking Policy

Nova Scotia Agricultural College is committed to providing a healthy environment for students, faculty, and staff. Recognizing that exposure to second-hand smoke poses a serious health risk, smoking is prohibited in all NSAC buildings and in all outdoor areas except for those specifically designated as smoking areas. There are designated smoking areas at the following locations:

1. Library – at the service entrance to the basement, facing Engineering Building.
2. Harlow – south side beside parking lot.
3. Haley – grass area at east end between Physical plant building and parking lot.
4. Cox – gravel compound area next to Cox greenhouses (this area will be developed when the new greenhouse is constructed).
5. Cumming Hall/Jenkins – on the east side of Jenkins beside the parking lot.
6. Hancock Building – northeast corner.
7. Residences – under linden tree at west end of Horseshoe.
8. AgriTech Park – the southeast corner of the central quad.

Maps showing the designated smoking areas on the main campus and at AgriTech Park are attached to and incorporated within this policy.
