

Atlantic Council of Crop Life Canada Bursaries

Two \$500 bursaries will be awarded to technical students from agricultural backgrounds who plan to pursue employment in the agricultural sector following studies at NSAC. Preference will be given to students whose backgrounds, course and project work, summer employment and career plans reflect an interest in the crop protection industry. The Atlantic Council of Crop Life Canada is the organization of distributors, dealers and suppliers of crop protection products in Atlantic Canada. As part of the application students will write a brief essay (maximum of 500 words) on their background and their future plans and how their course of study is serving to prepare them for a future in the industry. Application deadline is September 24.
