

Proposal Form: AGRI 5XXX - Graduate Level Special Topics Courses
Nova Scotia Agricultural College

Course Number: AGRI 5 _____

Instructor: _____

Note: The subject matter of the Special Topics course must not duplicate the thesis.

Credit: 03 [As a rough guide a "03" credit in science usually involves 60 hours of formal work and an equivalent time in independent study. In Special Topics courses, a larger proportion will probably be independent.]

Schedule: FALL or WINTER

Topic: _____

Instruction Plan: [Please include objectives, activities, format of instruction (e.g., number of lectures/seminars/labs per week), role of the instructor, work schedule, and method of evaluation. Please attach a copy of the course syllabus that will be provided to registered students.]

Date: _____

Instructor's signature

Give signed form to Dr. Kirsti Rouvinen-Watt, Graduate Special Topics Coordinator, for approval.

Approval: _____, Graduate Special Topics Coordinator, Department of Plant and Animal Sciences *Date:* _____

Copies of approved form to: Instructor, Research & Graduate Studies Office
