

NSAC International

Beyond Borders

Ethiopia:

Environmental Aspects and Challenges

Speaker: Dr. Nancy Pitts
Date: Monday, March 29
Times: 8 a.m. - 8:50 a.m. Cox 24
11 a.m. - 11:50 a.m. Cox 31

This seminar is being presented to the CHEM1001 class, but all members of campus are welcome to attend.

Dr. Pitts is a member of the Post-Harvest Management to Improve Livelihoods (PHMIL) project between partners NSAC, Jimma University College of Agriculture and Veterinary Medicine (JUCAVM) and McGill University.

The PHMIL project is funded by the Government of Canada, through the Canadian International Development Agency (CIDA).
